

THE STABLES THEATRE: OUR MISSION

- To maintain and improve the physical fabric of the Stables Theatre, its contents and technical capability.
- To expand the membership and encourage, where appropriate, participation in all aspects of theatre life: performing, directing, backstage, technical, maintenance, front-of house, bar and catering, props, costumes, art gallery, house and grounds, administration and involvement in social events.
- To nurture, and indeed insist on, respect for one another's abilities and contributions, and to accept that while others do not always do things the way we would choose to do them, help and encouragement is nearly always more useful than criticism.
- To train, mentor and educate, particularly younger members, and encourage high standards of creativity in all aspects of theatre life to enhance and improve our artistic offering.
- To actively promote our theatre at every possible opportunity and thus build audience numbers for all productions, performances and exhibitions.
- To leave an artistic, social and financial legacy for the benefit of generations that will follow in the life of the Stables Theatre.
